Meet The Candidates In Tuesday's Election

MERVYN EVERALL

Low wages paid workmen in this area were condemned in a speech last Thursday by Mervyn Everall, Victoria - Haliburton New Democratic Party candidate, addressing members of Lindsay and District Labour Council at Lindsay.

Urging labour to band together to bring about an increase in the wages paid men in this area, the candidate reiterated his stand: "I can win this election if I can get the vote of the working man."

Questioned about his platform, the New Democrat replied: "I don't believe in kissing babies and making myself a hypocrite".

He noted "the NDP is the only party to get up on its hind legs and do something for the working man."

The high school teacher promised his party would abolish injunctions.

Outlining his view on the controversial topic, Mr. Everall, a union member when he was employed at DeHavilland Aircraft Company, said picket lines are the only means labour has to support its position in many situations.

Small unions in Lindsay and Peterborough areas are especially vulnerable to injunctions and it is quite possible an injunction could be used to break a strike here, the candidate said.

He assured his audience he is very grateful at the support he is receiving throughout the riding, and stressed the need for the people of Lindsay to "get behind me".

JOHN EAKINS

A suggestion Victoria - Haliburton riding follow neighbouring Peterborough riding by playing it "cool" was advanced in Little Britain by John Eakins, Liberal party candidate.

Addressing residents of Mariposa Township at a coffee party, Mr. Eakins said voters of this riding have been very faithful in supporting the same party each election.

"Peterborough riding has not done this," said the candidate. "Perhaps Peterborough is playing it 'cool' and keeping the government on its toes."

He said the recent announcement regarding construction of a four-lane highway on Highway 115 from 401 to Highway 35 is a further indication the 'Robarts' government considers Victoria - Haliburton as the "forgotten area".

The candidate said it has been evident for some time the government is centring its interests on Peterborough "while we in this riding must fight hard to maintain what we have".

If elected on October 17, Mr. Eakins promised to insist citizens maintain a strong voice in affairs of their community. "If this is lost, we can expect to be governed by some civil servant from some far-distant point."

Stressing the need for a strong voice at Queen's Park, the candidate warned if the Robarts' government is returned to office, the changes concerning municipal councils will take place.

GLEN HODGSON

"Proper housing for our people is a major challenge, and the Robarts government is facing up to it with all the energy and resources it can muster," Victoria - Haliburton Progressive Conservative candidate R. Glen Hodgson told a group of supporters in Cobocok on Monday night.

"The good family man, the responsible citizen, whether a home owner or a renter, is the rock upon which we build our economy," he continued. He said the HOME programme is a partnership of government and private enterprise which he termed "the only formula that can solve the housing shortage".

"HOME represents a greater effort than has even been made by any Canadian government to deal with our housing requirements," he stated. He said the HOME plan is designed to create a climate in which government agencies and private enterprise will combine their talents and resources to make available substantial quantities of housing at moderate cost."

The Victoria - Haliburton member said the Progressive Conservative government is actively preparing for action in the field of land development, land lease, residential community development and housing to attract industrial development to areas across the province.

"We must plan housing to serve industrial development, and by planning housing development it is our hope and our intention to attract industry into new areas, particularly those where industrial assessment is on the thin or non-existent side," he concluded.

Truck Discovered Ablaze, Haliburton Man Dies

KINMOUNT (ENS) — Curtis William Way, 23, of Haliburton died last Friday in the wreckage of a burning truck beside Highway 121, two miles north of here.

Funeral service was held on Monday at 2 p.m. in Haliburton United Church.

Provincial Police at Minden said the vehicle was discovered ablaze, upside down in a grove of pine trees. Kinmount firefighters arrived at the scene to find the blaze too far advanced to give aid.

The young driver was delivering a load of empty propane gas

cylinders when his southbound truck left the highway on a curve. The badly charred body was taken to Peterborough for an identification post mortem and later to John Welch and Son Funeral Home, Minden.

He worked with his father in the family - owned Haliburton Machine Shop after graduating from Ryerson Technological Institute, Toronto, and was active in hockey.

Surviving are his parents, Mr. and Mrs. James Way of Haliburton, and a sister, Mrs. Murray Burton.

Ward's Corner Changes Ownership

Mr. and Mrs. Roderick Ward, owners and operators of Ward's Auto Body, Service Station and Snack Bar, have recently sold their service station and snack bar business to Mr. Dean Elliott of Minden.

After being employed by Chrysler Corp. Ltd. in Detroit, Mr. Ward started in the garage business in Angus, Ontario in 1930. He operated a garage there for five years, and then took over another garage in Aurora in 1935.

He went from there in 1939 to DeHavilland Aircraft in Toronto and was employed as welding instructor until 1946 when he moved his family to Minden and purchased a body shop from Mr. William Lee's Mechanical, where the Ontario Hydro now have their storage.

In 1947 he purchased property from Mr. Alf Pritchard and built the garage he is now occupying. Some four or five years later he built the service station and

snack bar onto the body shop, which he and his wife Vera have been operating ever since. The latest extension was the modern paint shop which he added to the rear of the body shop in 1963.

Roderick and Vera Ward have three daughters, one son and 10 grandchildren, Marion (Mrs. Harry Clark) of Wilberforce, Joan (Mrs. Wayne Taylor) of Rexdale, Winnifred (Mrs. Jack Taylor) of Unionville, and Earl who resides in Minden.

Congratulations

On Friday, October 20 Mrs. Mary E. Alsop celebrates her 95th birthday, and at present we feel that she is the oldest citizen in the village of Haliburton.

Despite her advanced age, Mrs. Alsop is in fair health. We join her many friends in hoping that she will enjoy life for a few years yet.

OBITUARY

CLAYTON BLAIR

The funeral of the late Clayton Blair, who passed away at General Hospital, Altona on Thursday, September 27, 1967, took place on Sunday, October 1. He was in his 84th year.

Mr. Blair was born in Haliburton County, and was the eldest son of pioneer settlers, the late Mr. and Mrs. W. R. Blair.

He lived at Lochlin, Ontario a number of years, and in March 1922, accompanied by his brother William, he left for the West and settled in Manitoba where he farmed until his retirement, when he moved to Altona.

Mr. Blair was a highly respected citizen, which was evident by the host of friends who filled the casket to view the remains of a kindly gentleman. The floral tributes bore silent messages of love and esteem.

Those left to cherish his memory are two brothers, David of North Dakota and James of Reboro, also two sisters, Mrs. Robt. Hanthorn of Fenelon Falls and Mrs. Stewart Miller of Whitby. He was predeceased by a brother, William, in 1960, and also an infant sister, Laura.

The pallbearers were friends of Mr. Blair from Altona.

Interment was made in Park Centre Cemetery, North Dakota.

We miss him and mourn him in silence unseen,
And dwell in the memory
Of days that have been.

TRIALS AND TRIBULATIONS

There's an old superstition that things, good or bad, run in sequences of three. I'm inclined to respect it.

During the war, casualties on my squadron always seemed to follow the pattern. We'd lose a pilot today, perhaps two the next day, then none for a week. Then three more.

It happened to me. One day I was shot to ribbons by flak. Had to land at 140 miles an hour. No flaps, no brakes. Fortunately, I remembered a movie. Jammed on throttle, jumped on the rudder, and groundlooped just short of a nasty ditch.

Two days later, I had a bomb hang-up, and had to land with a 500-lb. bomb, fused and ready to go, dangling from my left wing. That was the smoothest landing ever made in World War II. The only thing that was a bit disconcerting was that the control tower made me land, not on the landing strip, but on the grass beside it, so that I wouldn't ruin their runway when I blew up.

The very next day I was shot down.

This business of things happening in threes is still going on. Monday the furnace goes on the blink. Tuesday, your wife gets ugly about the garbage or something. Wednesday, some jerk creases your car in the parking lot.

Even the good things come in threes. And that's what happened to me this week. Three delightful opportunities for the weekend, and I can take in only one of them. Sickening.

First of all, I signed up to help supervise a trip to Expo from our school. This in itself should prove a fairly hairy experience. Can't you see me marching up and down the halls of a monastery in the middle of the night, in my pyjamas and raincoat, trying to prevent boys from being boys, and girls from being girls?

I'd just committed myself to this when old Australian buddy, "Dutch", phoned to remind me that this was the weekend of

that ancient and honourable bash known as the Canadian Fighter Pilots' reunion. Same place, Montreal. And he had booked me on a flight to and from the fleshpots of that fair city.

I was sorely tempted to withdraw from the kiddies' excursion, go to the wing-ding, and take two weeks to get over it, as usual. But my wife said, "You're not going. You always come home looking like a skeleton." And that was that.

Resigned, and feeling quite noble, I was packing my stuff for the Expo trip, and patting myself on the back for doing my duty, rather than my pleasure, when number three came up. An invitation to be a judge in a beauty contest on Saturday.

This is one I've been waiting for for years. I've judged essay contests, public speaking contests, apple pie contests at the fall fair, and for three years have been a judge for the Leacock Award for humour.

But I've never had a chance to just sit there and gawk at those cute kids, leering inside and pretending I chose the winner because of her talent, rather than the way she parts her chest.

All I can say is, "Shucks!" And all I need now is for Mike Pearson to call up and say I've been appointed to the Senate, provided I can be there Saturday morning to be sworn in.

Oh, I haven't given up entirely. I could go with the kids to Expo, slide over to the fighter pilots' party, skip the bus ride home and catch a plane to the beauty contest.

But I think they'd probably bury me the next day. On the other hand, that might not be a bad idea. I'm not long for this world anyway. Not unless my wife cools it out a bit about going to college.

Last Friday night she came home all fired up about her course. At 4 a.m. Saturday, I was reading the part of Socrates in Plato's Dialogues. And had to rise at seven to get Kim to her bus for music lesson.

Centennial Book Fair

Librarians from Bancroft, Victoria County and Haliburton County participated in a workshop conducted as part of the Centennial Book Fair held at Haliburton last weekend.

Mr. Merrick Jarrett, representative of MacMillans' of Canada, gave an illustrated talk on "The Book - from Manuscript to You".

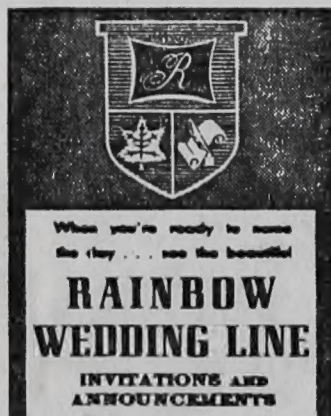

A panel made up of Mr. B. Robinson of Kingston, Regional Director of the Lake Ontario Regional Library System; Miss June Munro from the Provincial Library Service in Toronto; Mrs. Janet Nowakowski, Librarian, Victoria County; and Mr. Noel McNeill, Haliburton County Librarian, answered questions about their various levels of service.

At six o'clock supper was served to the visitors and to some of the people involved in education in the County.

In the evening Mr. Jarrett revealed another side of his interests and personality by singing some folk songs. He has been doing this since 1942 and has participated in various folk festivals such as Mariposa, Algoma, and Fox Hollow in New York. He has recorded traditional cowboy songs and children's songs for the Riverside and Washington labels and will be doing children's concerts this fall for various libraries throughout Ontario. His participation in our program really made the day.

On behalf of Christie's Brown Ltd., a Toronto-based bakery, Mr. McNeill presented a gift collection of 250 books to the Dysart Public School Board to be used as they desire. This gift is part of Christie's Centennial Project in which they gave away 100 such collections in Canada's 100th year. Mr. McNeill read about their project and wrote asking the Company to consider Haliburton County's five Public School Boards. Christie's decided to make the presentation to Dysart. Following the presentation to Mr. Salvatori, those present watched an excellent film from Encyclopedia Britannica entitled "The Library - a place of Discovery".

About 2,000 books were on display during the Book Fair, and were viewed by many people over both Friday and Saturday. The Book Fair will be repeated next year.

WILBERFORCE NEWS NOTES

DEMOCRACY GOVERNMENT of the people by the people for the people

At the September Council Meeting the Council received a petition from 167 ratepayers asking that the voting be held on Saturday, December 2 instead of Monday, December 4. This was changed by Council to having an Advance Poll on Saturday; this was in effect the same as it would enable the out of town taxpayers to vote without losing a day's pay. Two Council members made and seconded the motion and two, Miller and Det-erling, voted against, leaving it to the Reeve to decide. He, for no reason, said he wanted the Clerk to check the list. At the October meeting the motion was defeated and instead it is going to be put to the people on the ballot. This means that Council is afraid if they allow it they will be de-feated at the next election.

On Monday, September 18, at a day and place selected by the Council, the ratepayers of Tory Hill rejected the building of a Fire Hall in the village by a

margin of two to one against. Re-gardless of this vote the Council is going ahead to build this Fire Hall. So this is Democracy!!

We notice in the Haliburton Echo this week that the Provin-cial Government is holding an Advance Poll on Thursday, Fri-day and Saturday, the 12th, 13th and 14th days of October, for the coming Provincial Election on October 17. Among the locations for this Poll we see Anglican Church Hall, Wilberforce. We wonder did the Council allow this or are they going to put this on the ballot too!!

Further to my article about the Tory Hill Fire Hall, I wonder why the Council is so insistent about the Fire Hall; what is be-hind it? They took the Clerk's Office from Tory Hill, they took away the school and the library and put them all in Wilberforce, but they force them against the vote to have the Fire Hall. Why? The saying, if any, in the insur-ance will more than be offset by the cost and upkeep of the Hall.

Mr. and Mrs. James Miller of Wilberforce were among recent guests at The Guild Inn, Scar-

borough. On Wednesday of this week we arrived home from fishing to find a broken window and a dead partridge on our bed. This is the second time we have had a part-ridge through our window.

This was the Thanksgiving weekend, and as is usual the weather was not too good. We noted most of the cottage people were up for the weekend. We wish all our friends in Wilber-force, Tory Hill and surrounding areas a very happy Thanksgiving and regret that this will be our last weekly article. From time to time I hope to have a few words for you, but in closing let us make our Centennial project: "A clean sweep of this Council". We look to you for your support.

Progress in Agriculture

The Robarts government recognizes the difficulties that face agriculture during these years of change—is taking effective steps including a \$500,000 grant to the new Farm Income Committee; loans for farm modernization; crop insurance at favorable rates; promotion of exports; and the new Capital Grants Plan.

Progress in Taxation

Ontario's 1967 budget showed no increase in taxes. What's more, two Smith Report proposals have already been en-dorsed to reduce your local tax bill. One gives an allowance of up to \$2,000 of assessment on property; the other takes over the entire cost of justice.

Progress in Housing

H.O.M.E.—the Robarts govern-ment plan that reduces down payments, increases owner-ship—is providing many new homes at manageable cost. And the Ontario Housing Cor-poration, too, has provided more public housing in three years than the rest of Canada combined in 15. New satellite city plans also promise orderly suburban development.

Progress in Education

For the past five years, an average of 1½ new schools or substantial additions have been opened every day. One new secondary school every two weeks. Five new universi-ties since 1963. Nineteen new Community Colleges. Educa-tion grants up 600%. Fast action in education for fast-changing times.

'Why I intend to vote for the NDP'

By PIERRE BERTON

For all of my years in Ontario — and they are now approaching twenty-one — there has been but one party in power; the Conservatives. And for all of those years there has been only one effective opposition: the CCF/NDP. Looking at my province, in this centennial year, I can find precious little cause for celebration. But I shudder to think what it would be like had it not been for the vigilance of Donald MacDonald and his dedicated band of progressives.

In this election, the paid spokesmen for the ruling oligarchy are going to tell us in the slickest way possible that everything is jim-dandy in good old Ontario. But those who have eyes to see and memories to fall back upon will know differently.

This is a province in which an employer can still legally get away with paying his workers a dollar an hour; and where the cost of drugs can, in a moment of medical crisis, beggar a middle-class family. In spite of two decades of empty promises, this is still a province where thousands of hard working men and women have no adequate housing for their families. It is a province where the waters are so foul the people cannot use them and the air so stricken it has become dangerous to breathe; yet the methods used to control those who pollute these natural resources for personal gain are laughable.

For this is also a province where the privileged are protected and the public ignored — where a financial colossus can collapse to nobody's detriment but the small shareholders'. It is a province run by a political dynasty whose motto has always been: "Do nothing at all about anything until you're pushed to the wall and then do as little as possible."

What is wanted in Ontario is a new dynamism: youth, vigour, imagination, bold new ideas. There is so much to be done and we are so late getting at it. We desperately need a department of housing to handle a crisis that has become a national scandal and, also, a department of urban development to help cope with the burgeoning cities that threaten to strangle us all.

We need a government oriented to the people and not the establishment: we need an Ombudsman and a bill of rights for consumers and another for apartment house tenants. We need an integrated welfare policy, based on a guaranteed annual wage, to replace the present jerry-built, piecemeal, hand-to-mouth system. We need an entirely new approach to education based on a fairer concept of financing; our high schools need to be overhauled and our universities have to be free — they can no longer be pastures for the privileged.

And above all, we need a government with guts to push these reforms through. The creaky family compact that has coasted along in power for a quarter of a century has had its day. What is wanted now is a government that is truly New and truly Democratic. Every people, it is said, gets the government that it deserves. I think now that we all deserve the NDP.

OBITUARY

CURTIS WILLIAM WAY
The uncertainty of this life was brought home to us all on Friday morning last when word was received that Curtis William Way had met death at the wheel of a truck that he was driving.

The deceased was in his 23rd year, and was the son of Mr. and Mrs. James Way of Haliburton. Why this fine and popular young man whom we feel was just on the threshold of a successful career in the business owned and established by his father, was so suddenly taken from his family and acquaintances is not given us to know. Curt, as his many friends called him, had the advantage of being the son of devout christian parents, and those who knew him best felt that he had prepared to meet the call when and wherever it came.

The funeral service was held on Monday afternoon from the

Haliburton United Church, with the Rev. Ronald McCaw in charge. The auditorium of the Church could not begin to accommodate the many citizens who were present to pay final tribute, attesting the esteem held of the deceased by all who knew him.

The minister, a close friend of Curtis, based his message from the opening verse of the 23rd Psalm, "The Lord is My Shepherd", bringing to our attention the Christian concept of life beyond the grave, admonishing all within the sound of his voice to prepare themselves for that glorious life made possible through the sacrifice of God's only son.

The pallbearers were all chums of the deceased, namely Peter Curry, Richard Stinson, Brian Black, James Scheffee, Ross Douglas and Brian Good.

Interment was made in Evergreen Cemetery.

"THE ROSE STILL GROWS BEYOND THE WALL"

Near shady wall a rose once grew,
Budded and blossomed in God's free light,
Watered and fed by morning dew,
Shedding its sweetness day and night.
As it grew and blossomed fair and tall,
Slowly rising to loftier height,
It came to a crevice in the wall,
Through which there shone a beam of light.
Onward it crept with added strength,
With never a thought of fear or pride;
It followed the light through the crevice-length
And unfolded itself on the other side.
The light, the dew, the broadening view,
Were found the same as they were before;
And it lost itself in beauties new,
Breathing its fragrance more and more.
Shall claim of death cause us to grieve
And make our courage faint or fall?
Nay, let us faith and hope receive;
The rose still grows beyond the wall,
Scattering fragrance far and wide,
Just as it did in days of yore,
Just as it did on the other side,
Just as it will forevermore.

Moved by Ralph Young, seconded by R. J. Vick that the Clerk contact the Provincial Police at Minden regarding the complaint of Mr. and Mrs. Lidgold of Kinmount.

By-Law No. 6-67 received final reading, setting the date for Court of Revision as November 1, 1967.

The date for Nominations was set as November 18, 1967, and Election on December 9, 1967.

Moved by Les Switzer, seconded by R. J. Milbuen that current bills in the amount of \$45.00 be paid.

Moved by R. J. Vick, seconded by Ralph Young that this meeting be adjourned until November 1, following the closing of the Court of Revision.

IN MEMORIAM

DOWNER — In loving memory of our Dad, who passed away September 25, 1963. Those we love we never lose, For always you will be Forever dear, forever near, In thoughts and memory. —Always remembered by the Downer Family.

HARRISON — Precious memories of a wonderful wife, mother and grandma, Ella Esther, who entered into rest October 17, 1966.

Beside your grave we often stand With hearts both crushed and sore, Silent till the sweet words come, "Not lost, but gone before". God knows how we miss you, He counts the tears we shed; And whispers, "She only sleeps, Your loved one is not dead." So we'll be brave, dear one, And pray to God each day; And when He calls us home to you, Your smile will guide the way. —Lovingly remembered by Husband Clayton, Kirk, Aubrey, Murray, Anne, Scott, Glenn, Pearl, Weldon, Jim and Carol.

MAGUIRE — In loving memory of our dad, Howard Maguire, who passed away October 3, 1962. Five years have passed, dear Dad, Since you were called away; How well do I remember, That sad and weary day, You left without farewell, You said good-bye to none; You were gone before we knew it And only God knows why. —Lovingly remembered by Lillian, Len and Family.

PACEY — In loving memory of a dear husband, Henry Pacey, who passed away October 9, 1966. For two long years both day and night, I watched you fade away; Some may forget now that you're gone, But I miss you more each day. It broke my heart to lose you dear, But you did not go alone; You took my heart along with you When God called you home. —Sadly missed by his wife Ada

STAMP — In loving memory of Ethel Louise Stamp, who passed away on October 12, 1963. Four years have passed and gone, Since one we loved so well Was taken from our home on earth, With Jesus Christ to dwell. The flowers we place upon her grave lay wither and decay, But the love for her who sleeps beneath Shall never fade away. —Always remembered by her husband Everett and Family.

IN MEMORIAM

STAMP — In loving memory of Ethel Louise Stamp, who passed away on October 12, 1963. Gone dear mother, gone forever, How we miss your smiling face; But you left us to remember, None on earth can take your place. A happy home we once enjoyed, How sweet the memory still; But death has left a loneliness, The world can never fill. —Always remembered by Shirley, Bob and Barbara.

STAMP — In loving memory of Ethel Louise Stamp, who passed away on October 12, 1963. God has called our Mother Away from a world of strife, To shine among the angels In a fairer, brighter life. Safe from all grief and sin, Forever and forever, Where all is pure within, Our hearts are full of sorrow, and tears have dimmed our eyes. But we shall meet her once again In the home beyond the skies. —Always remembered by Hazel Jack and Grandchildren.

STAMP — In loving memory of Ethel Louise, who passed away October 12, 1963. You asked for so little in life, Mom, And suffered more than your share; Your life was devoted to others, With your love, helping hands and prayers. The years we had together, Will be memories our life through; With heart-felt pride we'll remember, Being blessed with a Mother like you. —Sadly missed and ever remembered by her son Glen.

History Of S. G. Barnes' Store, Carnarvon

By CLAYTON P. ROGERS

With the heavy loss suffered by my neighbour, Syd Barnes, I felt it would be fitting and of some interest to many folk to read a short history of this place. I suppose I am the logical one to write this up, as I have a personal knowledge of the place since about 1896.

The first record of a business place on these premises was in the early 1880's, when a man by the name of Argue put in a small stock of groceries in the portion of the building lately used as a dwelling. After a few years of operation he sold to one Joseph Hopkins who added some stock and carried on until 1896 or 1898, when the business and premises consisting of Lot 16, Con. 13, Township of Minden was sold to Geo. P. Hart. Mr. Hart had travelled a good deal and was just recovering from a bout of typhoid fever contracted in the city of Chicago. The area appealed to him from a health standpoint as well as a business opportunity.

This era in the store history is probably the most interesting. For instance, the Halls Lake residents were forced to go to Minden, 14 - 15 miles, or to Haliburton, the rail centre, 18 - 20 miles, for any supplies; now there was

a fairly well assorted stock in the "Hart" store a distance of 6 or 8 miles, and please remember that in that day all transportation was by foot, canoe or horse drawn vehicle. The roads were merely good trails with many swamp areas covered with "corduroy" logs placed side by side and making a carpet over the bogs to keep the animals from being mired.

The operation of a business in that day was far different from today, with farm produce of butter and eggs, and hides and furs in winter. Halls and Hawk Lakes fish (contraband of course), wool, etc. was brought in and traded for the supplies that were needed.

Mr. Hart added a 12 foot extension to the south of the small building, used larger windows making the appearance more like a store, and also added a warehouse at the west, stocked with flour and feed, salt bacon, nails, hinges, wire, etc.

The stock for the store was all hauled by horse transport from the rail head at Haliburton station. About three trips a week covered the needs except in mid-March when a heavier stock was put on to carry over the month of the break-up when roads were nearly impassable.

It may be interesting to look at methods of distribution and price ranges of that day. Nearly all groceries were purchased in bulk and put up as required. Sugar was packaged in 25 and 50 cent lots, selling about 5.6c per lb.; Rice, good quality, 5c lb.; Rolled Oats, 20 lb. bag for 85c with NO premium enclosed; Flour \$2.30, \$2.40, \$2.50 per 98 lb. bag with .10c off in 5 bag lots (a good deal was purchased in these quantities). A good quality cotton

print 12-18c yard; Horn Bros. or Birds mackinaw short pants \$5.00 pair; Slater shoes \$5.00; good work boots \$2.25 to \$3.00 pair; men's work shirts .75c to \$1.50 for the best; Horse collars \$3.75-\$7.00, all other harness parts were stocked and a ready sales item.

In 1905 Mr. Hart's hired clerk wished to leave as he was threatened with T.B., so I was approached to take over his work. After a conference with my father it was agreed that I give it a try, so on January 1, 1905 I started work behind the counter, at a stipend of \$2.25 per week, bed and board, of course furnished. Actually I became one of the family. Mr. and Mrs. Hart had two little girls, Frances and Florence, and a boy was born that year in June and named George after his father.

My agreement was for a year but in early summer Bob Thomson was much improved in health and would return to work; father had trouble to get good help on the farm, so it was arranged that I would give over and return home, which I did on July 15. Mr. Hart paid me off at the rate of \$3.00 per week. I had about \$60.00 and no place to spend money, yet we had many a good time and I look on the months in the Hart home with the children, and the library was always a source of joy to me as one of the pleasant times of my life.

Mr. Hart had been quite successful and was getting restless, and he approached my father about purchasing his business. My next installment will deal with the arrangement made for the takeover, and some of the reasons for the change of occupation.

Librarian's Report

This report is a brief resume of all the activities of the Haliburton County Public Library during the first eight months of 1967.

New outlets were opened at Dorset and Oxtongue Lake, bringing the total number to nine. The Dysart branch has moved into its new quarters successfully, giving them 300 per cent more room and the County Office has been relocated in the basement of the new building. The Monmouth branch has moved into its new quarters with a 300 per cent increase in book capacity.

Both Minden and Glamorgan branches have undertaken needed renovations.

The County Office staff has been increased from one part-time Librarian and one part-time helper to one part-time Librarian and two full-time assistants. New furniture has been purchased for the office, suiting its increased space and needs.

Our County Library now pays a little over \$900 a month in salaries in return for an average of 558 man-hours of labour. This time has been well spent in adding 3,180 books to the County collection which now stands at 8,645. This collection breaks down as follows:

	1966	1965
Adult Non-Fiction	2117	1120
Juvenile Non-Fiction	967	447
Adult Fiction	2609	1847
Juvenile Fiction	2952	2051

8645 5465

Besides this task the office staff have ordered and processed 345 books for the Minden Public School and about 500 for the High School Library — for a fee of course. This number of man-hours includes time spent in quarterly exchanges, monthly librarian institutes, serving the public through our nine outlets and directly from the office planning book displays, and working on our Centennial Book Fair.

On January 1 all library membership became renewable and as of September 1, 1292 have joined (of which number almost 20% are summer resident cottage owners). The remainder form over one eighth of our winter population. Non-members are served through the schools.

By September 1 our book circulation through our branches and schools totalled 49,528, causing us to expect a year end total of over 75,000 (1966 - 61,000).

Beginning July 1 we became the deposit station for the National Film Board and circulated during the summer 41 films. This service will expand as its existence becomes known and as we promote it with news releases, projectionist courses and advertising. The Haliburton School of Fine Arts has a book display and library, and is using N.F.B. films from us.

Our Library is also a deposit station for Federal Government Publications and we receive many excellent publications from this source free of charge.

For the remainder of 1967 we foresee a continuation of our present services with more emphasis being placed on displays and promotion.

We are being hindered in our work by a shortage of funds and by the timing of our grants.

The Car That Is Certain To Win The
"Car Of The Year" Award

JAVELIN SST

Javelin is here and all of a sudden, a lot of "animal cars" are looking pale by comparison. There are reasons.

Javelin's great styling for one thing. Javelin was designed by the same young creative team that dreamed up our AMX showcar . . . and it looks it. Brand new. Long sloping snout, twin venturi grille, wild fastback, chopped rear deck. There's nothing like it.

Inside: standard vinyl buckets, carpeting, no-side-vent windows and flow-through ventilation plus more legroom, more headroom and a backseat that's a good 5 inches bigger. Javelin is a real 4-passenger sports/GT . . . none of that 2 plus 2 jazz.

Personal touches — you bet. Order your Javelin as an SST and it comes with reclining buckets, wood-grain trim, sports steering wheel, mag discs. The works. Like more? Add that gutsy 343 CID V8, power disc brakes, 4-speed synchro, quick-ratio steering, heavy duty running gear. It comes as a "go" package — all wrapped up in a big bold rally stripe.

Now, for the final bit. The price. Model for model, Javelin is about \$144 less than the leading "animal car". Which makes us wonder. Either we're charging too little, or everyone else is charging too much.

Join the Great White Hunter — Javelin. The safari starts from your nearby American Motors/Rambler dealer.
